FRIENDS OF LITTLE FOLKS ASSEMBLE

Annual Meeting of Free Kindergarten Association Held.

A LARGE AUDIENCE.

Dr. P. P. Claxton, Commissioner of Education Makes Plea For Children—Songs and Stories Please.

The meeting last evening at the Young People's Building of the Alexandria Free Kindergarten Association was well attended an dthe spirit of the meeting was enthusiastically entered into by those who were present.

The program was preceded by the reports of the officers of the Association. The President, Mrs. Matthew O'Brien read a most interesting report of the work concluding with the subscription of the Alexandria Kindergarten to the memorial of Froebel in appreciation of what his founding means to these little ones as well as the millions of other children, in starting their eager feet on the proper road of life's journey. Mr. Robert S. Jones read the report of the secretary, Miss Loula Smoot, following with Mr. Jones' report as treasurer.

Twenty graduates of the Normal School, of Washington, lead by Miss Keen sang a number of Kindergarten selections, showing how beautifully interesting nature is taught to the pupils in appealing to their hearts as well as to their minds.

Miss Watkins, general supervisor of the Washington Kindergarten, addressed the audience and gave clear statistics in regard to the expense in undertaking the work She showed by satisfactory comparison of the expense of the primary garded the exaggerated idea that existed.

One of the most attractive numbers of the evening was the "Story of Billy Bodkins," as told by Miss Brown, illustrated by paper cut-outs which brought forth exclamations from the children in the audience. The grown-ups, present knew that each little child-heart that ever listened to just such kind o fa play-lesson would plead, "tell it again."

A second series of songs was rendered by the Kindergarten graduates and their

"God's in the Heaven
All's right with the World"

brought forth genuine applause.

Dr. P. P. Claxton, Commissioner of the Bureau of Education, of Washington, was introduced by Mr. Jones. His address was most convincing, proving how little value everything in the world was without the knowledge to use it correctly and to the best advantage. In the present science of the conservation of all things useful, why not consider the most important of all—the conservation of the activity of childhood. Our responsibility fulfilled of startling the yearning heart and inquisistive mind aright means the betterment of the whole universe. As proof of this, Mr. Claxton stated that no one of Kindergarten training had ever been confined in a jail. In the training of the Kindergartner is found the most uplifting of all trainers and, therefore of much benefit to all humanity. No amount of money, garnered by an anxious parent for presentation to a child in maturer years, can compensate for a lack of joy during the period of childhood—as that joy is the foundation of his or her life's career. Therefore, he said, give the little one the joy of activity and not the sadness of idleness.

At the conclusion of the lecture the following directors were elected: Mrs. John Leadbeater, Mrs. Clarence Keith, Mrs. L. E. Ubler, Mrs. Chas. P. Lindsey, Mrs. Carroll Pierce, Miss Fanny Burke, Miss Constance Boush, Miss Elizabeth Slaymaker, Miss Mary E. Carlin, Miss Lulu Smoot, Miss Anna M. Roberts, Mrs. M. W. O'Brien, Mr. R. S. Jones, Mr. R. M. Green, Mr. A. L. Jamieson and Mr. Worth Hulfish. At the next regular meeting of the board of directors officers to serve the ensuing year will elected.

NEWS OF THE DAY.

The torpedo boat Vesuvius was struck by one of its own torpedoes late yesterday, and was beached on Hope Island, Narragansett Bay, The hole, two inch, was patched and late last night the Vesuvius worked herself off the beach and proceeded to the torpedo station under her own steam. The Vesuvius was being used for torpedo instruction in Naragansett Bay. As a practice Whitehead torpedo left her side the mechanism went awry in some manner not yet determined. The torpedo turned like a boomerang and crashed into the Vesuvius astern below the water line .

Protecting from the mob the chauffeur who had run down and killed her little brother, Rose Gallel, 19 years old, of Cleveland, Ohio, yesterday fought off even her mother until a policeman could arrive. Raylmond Gallel, aged 5, fell under the rear wheel of a heavy lumber truck, driven by Robert G. Thomas, and the letter was killed. His sister, the only witness to the accident, saw that the chauffer was not to blame, and fought off a crowd which tried to reach Thomas until a policeman came to her assistance.

A lusty 12-pound baby boy arrived yesterday at the home of Leo Quadenfield, the 70-year-old Philadelphia contractor, who was married last August to Mari di Giacomo, a 15-year-old Italian girl who was adopted by his first wife, now dead. When they married last summer, the neighbors mobbed the contractor's home. Police were called to protect Quadenfield. His children sought to have him declared incompetent.

An agreement, which is is expected, will end the street car strike that has disturbed the peace of Cincinnati, for the last ten days, has been reached between representatives of the strikers and street car company.

From the window of her apartment at Williamsburg, New York, yesterday afternoon, Mrs. Sarah Septoff, wife of Samuel Septoff saw her 12-year-old son, Samuel, Jr., playing ball in the middle of the street with three playmates. Mrs. Septoff was worried by the automibiles which frequently interrupted the game, and she opened the window and shouted a warning to her son. The boys promised to be careful and continued to play. An auto owned and driven by M. J. Colton, a contractor, came along. Colton blew his horn several times, but the little boy, standing with his back to the machine, was too intent on the ball to hear. Before the automible could be stopped Septoff was knocked down and instantly killed. The boy's mother seeing the accident, rushed to the street, and fell fainting beside the body of her son.

Miss Doris Underwood, the Hartford, Ind., school teacher, tried on the charge of attempting to kill Ottie Fisher, the Muncie drug clerk, who, she alleges wronged her young sister, Ada, was found not guilty by a jury late yesterday. The jury was out only a short time and but one ballot was taken. There was a big demonstration in the court room when the verdict was read and Judge Sturgis and the bailiffs were unable to silence the applause. The room was crowded, many persons having come from Hartford City and practically all seemed to be friends of the girl. Fisher will be placed on trial on a charge filed by Ada Underwood.She alleged he promised to marry her and then refused.

Her skull crushed by an axe, the body of Mrs. Mary Prondero , 40 years old, was discovered on the floor of her home in South Camden, N. J., by an 11-year-old daughter, on the latter's return from school late yesterday afternoon. The house had been ransacked and $160 the savings of the family had been taken from its hiding place between the mattress. Another daughter, Mary, 18 years old, and her sweetheart, Dominick Contrick, did not appear at their places of employment Friday. Late last night they were located by the police in a house some distance from the crime, and were taken to police headquarters. Both denied any knowledge of the tragedy.

BANKER BATTLES FOR HIS LIFE

B. Sanders Walker Still Keeping Off Grim Destroyer.

ASKS FOR BALL SCORE.

Subsequently Becomes Despondent and Asks for End—Fifth Day Since He Took Deadly Tablet.

Macon, Ga., May 20.—B. Sanders Walker is still fighting the death from poison which physicians say must conquer his indomnitable will. Today he was slightly better, though weaker, but he lost some of his fighting spirit, expressing to nurses that he hoped death would soon come to relieve his suffering.

This is the fifth day since Walker took a bichloride of mercury tablet by mistake for a headche cure. No case in medical annals, parallels his the usual experience with bichloride being death of the victim within forty-eight hours.

In Walker's case the expected paralysis of the kidneys set in early,but to the surprise of the physicians this condition was apparently relieved today. The young banker suffers intense pain, as the poison consumes his tissue, and the physicians order against food or drink adds to these sufferings.

Early this morning after the patient had slept peacefully for a num- of hours, he awakened smiling and wanted to know the "score of the Georgia Tech baseball game."

Georgia Tech was Walker's Alma Mater. When told his team had won, the patient expressed pleasure, and immediately went back to sleep.

Walker said early today that he had confidently expected death last night, and was even more certain of it today, but physicians think if he can kepe up his strength there is a fighting chance.

PORTER BADLY CUT.

Three Colored Men Make Fierce Attack on Railroad Employe.

Sunday morning the porters on R. F. & P. No. 9 train, which is scheduled to arrive in this city from Washington at 9.24 was severely cut by another colored man when the latter was getting off the train at Penola.

The brothers, Rue Ridgley and Bertran Mosby got on the train at Alexandria and commenced giving trouble shortly after.

They went into the woman's department, and commenced smoking, when the colored porter was sent to tell them to move somewhere else.

This they would not do, and Captain Bresnahan made them move.

When the train reached Penola, the home of the Mosbys, they started to jump off while the train was still running, and the porter told them to wait until the train stopped.

They replied to his advice by suddenly knocking him down, and when he got up again they knocked him down.

When he again got on his feet one had drawn a knife which he used with terrible effect, cutting a gash in the porter which took twenty stitches to close. The negroes then jumped off the train and disappeared.

Later in the day some detectives arrived and commenced searching for the three and on Monday captured Bertran Mosby.

This one is not thought to have had much to do with the affair as it was Ridgely Mosby who is supposed to have done the cutting.

NOT TO PROSECUTE.

No steps were taken today looking to the extradition of T. Walton Taylor who is under arrest in Toronto and who is wanted in this city for forgery. After making all rarangements yesterday to secure requisition papers, the merchants who were victimized did not like the idea of putting up the money to pay the expenses of an officer to Canada to bring Taylor back here, Unless some furter action is taken he will be released on Friday, he being held until that date on a charge of vagrancy.

SNOWDEN HOUSE SOLD.

Richard B. Washington Purchases Old Landmark.

The three-story brick residence on the west side of Lee street, between Gibbon and Franklin, has been sold, through the agency of Monroe & Marbury, to Richard B. Washington. The consideration was $2,500.

This house was erected more than one hundred years ago, at a time when it was supposed the southeastern section of the city was destined to become the residential quarter. The late Joseph Harris, a retired merchant, occupied the house for a time, and while it was in his posession he acquired the lot opposite and planted mulberry trees at the time the silk worm craze was at its height. This enclosure has ever since been known as "Mulberry Lot."

In the forties the house and adjoining grounds were purchased by the late Edgar Snowden, whose family occupied it up to the early part of 1911.

It is understood that Mr. Washington will, after making certain alterations, use it as his residence.

PAN PRESBYTERIANISM.

Movement for Organic Union of The Three Bodies.

Atlanta, Ga. May 20—Spirited discussion, which at times approached acrimonious debate yesterday caused flurries of excitement at sessions of the three Presbyterian assemblies convening here, but while there was discord in the individual bodies, added impetus was given to the movement for an organic union of the various Presbyterian organizations.

The most important development tending toward a crystalization of this plan was the unanimous adoption by the Northern Assembly of a resolution authorizing the transmission of proposals of an organic union to the supreme judiciaries of all the Presbyterian churches in America.

The Northern Assembly opened the day in a turmoil, resulting from the reproduction in this city of a New York newspaper story charging that Dr. J. T. Stone's election as modenator of that body was brought about through a "deep-laid political scheme." No less excitement prevailed during the afternoon session when poignant charges were made in discussing the report of the special committee on the Union Theological Seminary of New York.

Resolutions of previous relations betwen the Seminary and the Northern Church was favored In the majority report, but was opposed in two minority reports. In presenting one, the Rev. F. C. Montbort, of Cincinati declared:

"The time has come for the church to draw the line. The issue lies between true faith and a Hindu philosophy masquerading in the guise of Christianity."

Interest in this morning's session of the Southern Assembly centered in a renewal of the activities directed toward changing the much discussed elect-infant clause of the confession of faith. By a substantial majority the recommendation of the committee on overtures and bills, that no amendments seeking to change the form of this clause besent to the Presbyteries, was adopted.

TO ERECT GARAGE.

Thomas C. Rawlett is to erect a garage on the large lot that he purchased sometime ago on Pitt street, between Queen and Princess. It has a frontage of 176 feet and it is probable that Mr. Rawlett will erect one or two small apartments or flats on the same property after the garage is built. The garage will be constructed of concrete by the Morrell system, if that style of construction is found suitable. After completion the structure will be leased to Moore Bros., who are to operate the garage and repair shop. They will eb local agents for the Palmer, Singer and Reed cars, and possibly the Studebaker, for which car Mr. Rawlett is the Alexandria agent.

Work will commence on the garage immediately after the city removes the street material now on the lot, sometime between now and July 1st.

MAINTAINS SILENCE ON JAPANESE ISSUE

Ambassador Chinda Holds Conference With Secretary Bryan.

CABLES TEXT OF REPLY

Will Not be Made Public For Some Time—Both Governments to Avoid Newspaper Controversy.

Washington, May 20.—Silence was maintained in Washington official circles toda yon the Japanese situation, which was brought nearer a crisis by the signing of the California anti-alien land law by Governor Johnson and the communication of this government's reply to the Japanese protest against that legislation.

Following unofficial telegraphic advices that Governor Johnson had signed the bill, Secretary of State Bryan telephoned Viscount Chinda, the Japanese ambasador, yesterday afternoon, asking him to call at the State Department. The Japanese representative responded and held an hour's conference with the Secretary.

Viscount Chinda then cabled to the government the text of this government's reply to Japan's protest. It was indicated by both the Secretary and the Ambassador that neither the Japanese note nor the reply would be made public for some time, as both governments hope to avoid the newspaper controversy that might arise and the delay this might occasion in settling the affair, so far as it can be settled by diplomatic interchanges.

The delay in deciding upon a further step will give an opportunity to see th result of the referendum campaign which will be carried on in California . There are several factions working together, though with different ends in view, in efforts to gain submission of the alien land ownership question to the poeple of California.

The Democratic organization has ben lined up against this legislation as a matter of party regularity.

VICTORY FOR THE KERN RESOLUTION

Through Probe of West Virginia Conditions to be Made.

TO BE PUT ON GRILL.

Senator Swanson, of Virginia, Will be Member of Sub-Committee. of Labor and Education.

Washington, May 20.—Victory for the Kern resolution in the senate last evening insures an investigation into the charges of gross abuses and peonage in the Paint Creek and Cabin Creek regions of West Virginia.

Governor Hatfield and high state officials will be called before a committee of the Senate and grilled as to heir part in the alleged unlawful methods they have taken to create a military tribunal which tried men and sent them to prison for long terms while the civil courts were open.

Through an understanding reached yesterday afternoon, the Kern resolution was not passed, but was sent to the education and labor committee to be reported back in a few days.

The resolution will be reported back before the end of the week. It will be passed by the Senate without delay. Senator Kern has the votes. The investigation into conditions in West Virginia will be conducted by a subcomimttee of the Education and Labor Committee. Its probable members are Senator Swanson, of Virginia Shields, of Tennessee, and Borah, of Idaho.

In the course of the debate yesterday Senator Goff appealed to the Senate not to interfere with the situation in West Virginia. He termed Mother Jones as the "grandmother of all the forces working to incite riot in West Virginia.

He added "I say it even if she be in the galleries now looking down on this scene. I care not how old she be, how white-haired she may be, the fact is that she makes speeches that are calculated to incite to riot. She is an expert, takes pride in it, and can make a speech that will move a crowd."

TWO BOYS CRUSHED TO DEATH

Killed in Sight of Mother Who Falls In Swoon.

Philadelphia, Pa., May 20.—Before the eyes of his mother and a score of playmates, Samuel Beck, 4 years old, was crushed to death by a trolley car last night in front of his home at 809 Dickinson street. It was fully an hour after the occident that his mangled body was extricated from between the wheels and the trucks. When placed in the arms of his mother the little boy still clutched a penny that she had given him to purchase candy. It was while on his way to the shop that he met his death.

Mrs. Beck swooned soon after witnessing the accident, and it required the services of a physician While the crew of the repair wagon was attempting to extricate the body of the child, the mother pleaded to be permitted to go to the scene and assist in the work.

Playing on Marshall street, above Thompson, with a number of companions, 7-year-old Phillip Fisher, of No. 1801 North Marshall street, was run down last night and instantly killed by an automobile driven by Harry Freeman, of Lindsey street.

The Fisher boy, with his friends, was participting in a jumping contest, each trying to out-do his fellows in leaping from the curb upon the street. When his turn came Fisher did not notice the machine of Freeman, which was southbound on Marshall street, and leaped directly in its path. He was caught beneath the wheels and his skull was crushed, causing instant death.

Prof. Alvin M. Thatcher, a baseo profundo of national reputation here, said to be the greatest campaign singer in America, will give an evening of song in Trinity M. E. Church, Thursday evening at 8 o'clock.

WILL NOT OPEN ON SUNDAY.

Mount Vernon Regents Refuse the Request of Camber of Commerce

As had been anticipated, the Regents have notified the Chamber of Commerce of Washington that the grounds of Mount Vernon will not be opened to the public on Sundays.

Movements have been inaugurated during the past twenty-one years to induce the management of the tomb of Washington to allow the ground to be opened on that day, and reasons have been urged which seemed difficult to ignore. The ladies, however, have remained firm.

Secretary Thomas Grant, of the Washington Chamber of Commerce, yesterday receved a reply to a petition from the Chamber asking that Mount Vernon be open to the public on Sundays from the regents of the Mount Vernon Ladies' Association refusing to change the rule.

The Chamber of Commerce pointed out that if open Sundays Mount Vernon would be visited each year by thousands who are unable to make the trip on week days.

The Gazette has never been able to see any good reason why the gates at Mount Vernon should not be opened on Sunday. It is about the only holiday thousands of people especially such as work in the various industries, have to muse at interesting spots, but as such places are hermetically sealed on that day, many living contiguous to Mount Vernon and public buildings of Washington die without entering the same.

Many well-meaning people interest themselves in elemosenary movements intended for the betterment of the race, and schemes intended to provide entertainment which will keep workingmen from beer gardens and Sunday excursions are exploited. Were public buildings and places like Mount Vernon kept open on that day much good might be accomplished.

DEATH OF OLD RESIDENT.

Samuel P. DeVaughan Stricken by Apoplexy—Death Soon Follows.

The deceased leaves a widow and four children—Messrs. Samuel D. and John T. DeVaughan, and Mrs. Chas. Kell and Mrs. George Bury. He was a tinner by trade, and served his apprenticeship with the late Isaac Kell.

NEW AUTO AGENCY.

Alexandria is to have a new automobile agency supply house, to be known as the Remschell Auto Agency. It will be located at 117 Fairfax street. Mr. Remschell who is owner and manager of the new agency, will sell the well-known Ford automobile and will also fit up a first-class garage and repair shop in connection with his business, and will handle all kinds of automobile supplies. As soon as alterations to the building are completed it will be open to the public.

WANT A MODERN TRUCK.

Firemen Suggest Time Has Come for More Up-to date Fire fighting Apparatus

During the past years the Board of Fire Wardens have been convinced that Alexandria should have more effective fire apparatus, but as the city has not been in a condition to furnish the same, no action has been taken. Since the recent fire at the Mount Vernon Stables the matter of procuring a modern truck has been seriously considered by the fire committee of the City Council, which has superseded the Fire Wardens.

Robert E. Gronau, Chief Engineer of the Fire Department, is convinced that the city should purchase a modern truck as soon as possible, as the use of such an apparatus might be needed at any time.

The volunteer firemen, as well as the paid employees, are anxious for the city to procure motor-dirven hose wagons for the two steam fire engine companies. Some have suggested that the city purchase motor-dirven engines in the place of those now pulled to fires by horses. They sa ythat the present apparatus could be disposed of at prices which would only incur an outlay on the part of the city of about $12,0000.

The fire committee have taken no action in the matter so far, nor will they until Council shall have disposed of the proposition to build a new truck house on the site of the present Relief house.

MEMORIAL DAY EXRCISES.

R. E. Lee Camp Perfecting Plans For Celebration of the Occasion.

Saturday next will be the fifty-second anniversary of the departure of Alexandria's quota of soldiers which later formed part of the Army of Northern Virginia. Their ranks have been greatly depleted by time, and those who survive are in the advanced evening of life. They are, however, as proud of the part they played as were members of Napoleon's Old Guard.

The exercises this year will be similar to those of former occasions. There will be inspiring music at the monument at the interssection of Prince and Washington streets, and Rev. John Lee Allison, D. D., pastor of the Second Presbyterian Church, will deliver the oration.

Fifty-two years ago the United States steamer, Pawnee, was lying off the city between King and Cameron streets with her port holes open and the dogs of war exposed. A terrible crisis in the history of the country was at hand, and transports were following transports up the river with troops for Washington. Among the ocean-going ships which passed Alexandria at that time was the Quaker City, which figures in Mark Twain's "Innocents Abroad."

Women's High-Grade Tailored Suits Reduced for Spring Clearance

No doubt exists in our minds that we could dispose of all these suits without the formality of a reduction, but this would not be in accordance with our policy of constructive and progressive merchandising.

The time has arrived for clearance, and so reduced prices must be applied—and liberal reductions have been made. Just 250 suits involved in this clearance reduction, and there is no way of getting a conception of the opportunity here offered without seeing the garments personally.

Each suit was made purposely for us, after our own directions, for this season's selling. The materials are thoroughly reliable, and the styles the best and most desirable. Our own regular high grade stock at reduced prices.

Lot 1—Suits that were up to $25.00, now $10.00
Lot 2—Suits that were up to $30.00, now $15.00
Lot 3—Suits that were up to $45.00, now $25.00
Lot 4—Suits that were up to $67.50, now $39.50

OMANCE OF A MISER.

And Mystery in the Case of George M. Nicholas.

onburg, Va., May 20.—Trag- ance and mystery are pe- combined in the finding of a purporting to be the will of M. Nicholas, the eccentric ockingham farmer, who was ed at his home, near Port Re- on August 5. Nicholas was about $200,000. His estate fell four brothers.

Harrisonburg lawyer has in his sion the alleged will, which $125,000 in cash and the $50,- arm on the Shenandoah river to rmer sweetheart and benefactor t. Louis. It is said that Nicho- while in St. Louis some years was injured in a street car ac- nt and then it was thta the wo- n, whose name has not been made blic, nursed him back to health d strength and incidentally won his art and his thousands.

Another feature of the affair is hat the alleged will is reported to ave been stolen from the Nicholas ome a short time before he was oisoned. The authorities now hope that the appearance of the will may throw some light on the strange murder of Nicholas.

Last August Nicholas and several others at the breakfast table were made desperately ill after drinking coffee.a In few hours Nicholas died in great agony, the others recovering. Nicholas was a hermit and miser, who lived alone in the great mansion with his old housekeeper, rarely ever seeing any outsider. At the time of the poisoning Nicholas' brother and some hands had gone to the place to harvest the crops of the old miser.

Nicholas' stomach and the coffee were sent to Chemist Taylor, of Richmond, who found arsenic in the stomach. At the same time a broken package of arsenic was found in the Nicholas home. After a series of rumors and reports, the case was forgotten and the police gave it up.

NEW TRIAL GIVEN.

Richmond, May 20.—Another hearing before a committee is to be granted the Rev. W. H. H. Joyce who recently figured in the sensational trial before the Methodist Conference of Virginia. The decision of the church court has just been reversed by the board of appeals of the Methodist Episcopal Church, South, in session in Nashville. The church court found the pastor guilty of conduct unbecoming a minister of the gospel.

The charge against the minister is hat he wrote a letter to a married oman in which he used "many ms of endearment." It is said t the woman was formerly a mber of his congregation in Roa- Winchester was formerly his

CUT HIS WIFE'S THROAT.

Newell Walker Arrested Near Binns Hall For Murder.

Richmond, Va., May 20.—Near Binns Hall, in Charles City county, Sunday afternoon, Newell Walker, about 30 years old, killed his young wife by slashing her throat with a razor. The murdered woman was a daughter of John Weaver, of New Kent county. Recently she had visited at the home of Sheriff C. L. Babcock, near whose place the tragedy occurred. Jealousy is given as the cause of the crime, though neighbors say the husband's suspicions were unjustified.

On Sunday afternoon Mrs. Walker was crossing the raod near the home of Mr. Babcock when Walker, who was in hiding apparently awaiting a chance to accost his wife, grabbed her and used the razor. The razor broke and a portion of it remained in his victim's throat. Walker was arrested and placed in the Charles City county jail yesterday afternoon. It is said that Walker had on one or more occasions threatened to take his wife's life, and she once had him arrested and placed under bond to keep the peace.

UNIVERSITY OF VIRGINIA.

Preparation of Commencement Exercises in June.

Charlottesville, Va., May 20.—Commencement exercises at the University of Virginia will begin on Sunday June, 15, with the baccalaureate sermon delivered at 11 a. m., by Dr. John F. Cenung, of Amherst. The annual address before the Y. M. C. A., will take place in the evening. Col. George Harvey, editor of the North American Review, will address the Washington and Jefferson literary societies on Monday evening at 8 o'clock. Immediately afterward the classes of 1908 and 1913 will hold a smoker.

The annual meeting of the General Alumni Association on Tuesday morning will have the largest attendance in years. Important alumni matters will be discussed, after which the alumni will repair to the auditorium in Madison Hall for the address to the alumni. This will be followed by the alumni luncheon. The alumni will then adjourn to the rotunda for the 1913 class of exercises.

The conferring of degrees takes place at 11 a. m., on Wednesday, and at that time the reunion trophy cup, the gift of the Colonnade Club, will be awarded to the winning class. A reception to the graduates and alumni will be held in Madison Hall shortly afterwar. Col. Henry L. Higginson is expected to be an honored guest at the graduating exercises. Phi Beta Kappa will be addressed by Dr. Stockton Axson, of Princeton, at 8 p. m., and the session will close with the final ball on Wednesday night.

FIRE IN NEWPORT NEWS.

Plant of Stewart Hosiery Mills, Inc., Destroyed.

Newport News, Va., May 20.—Fire, the origin of which is a mystery, yesterday morning completely destroyed the plant of the Stewart Hosiery Mills, Inc., resulting in the loss of $75,000 and throwing a large number of employes outof work.

The building, a large brick structure, four stories in height, was afire from top to bottom when the flames were discovered at 4 o'clock and firemen could do nothing but turn their attention to saving cars on the yards of the Chesapeake and Ohio Railway adjoining the hosiery plant.

A city viaduct over the tracks was damaged. Thousands of pairs of hose and much valuable machinery were burned.

PLOWS UP BOA IN VIRGINIA.

Farmhand's Fright One of a Trio of Reptile Stories.

Winchester, Va., May 20.—Frank Sherk had the scare of his life Saturday while plowing Mrs. Kate Grafer's farm. His plow unearthed a great mass of snakes, one of which was a boa-constrictor. It was recalled by persons who watched Sherk's flight that nearly all the snakes carried by a show that was here last week died one cold night and were buried a foot under ground, all in a single heap, but it was necessary for some one to remove the dead reptiles before Sherk would finish the plowing.

Milton B. Orndorff and C. E. Grim, who were doing their best to catch up with farm work delayed by the recent severe drought, made very little progress Saturday because nearly all their time was taken up by fighting snakes which attacked them at frequent intervals. A number of blacksnakes, varying in length from four to six and a half feet, were killed.

BROWN IN GREAT LUCK.

Has Fallen Heir to $12,500,000, But Cannot be Found.

Richmond, Va., May 20.—J. C. Wilson, of Kings Mountain, N. C., asks the Richmond police to locate Frederick James Alfred Brown, 45 years of age, who, it is believed, is in Richmond under the name of Trevillian, and notify him that he is heir to an estate estimated to be worth $12,500,000. When located, is to be assured "that there is ample money to pay his expenses home and all his debts in the United States and Canada," says the writer.

Brown is asked to communicate with lawyers at 2165 East Queen street, Toronto, Canada. Brown is a native of Ireland, and was last heard of in Temple, Texas. The local police were unable at a late hour last night to locate the heir, who is described as being 5 feet 9 3-4 inches tall, with a round face, gray mustache and a dimple in his chin.

To Inclose Shockoe Creek.

Richmond, Va., May 20.—The administrative board has approved a proposition submitted by Commissioner Beck, which directs the preparation of estimates for inclosing Shockoe Creek, which has been for years an open sewer. The estimates are to be reported to the City Council within 30 days for action by that body. It is estimated that the city will spend $1,000,000 in the building of concrete walls along Shockoe creek, making the creek about 25 feet wide and placing therein a smooth-paved bottom. Much land for building and manufacturing purposes will be reclaimed.

THE SMOKE EVIL AND ITS COST.

In a recent article Iron Age, discussing the smoke evil, and smoke losses, urges upon all manufacturing communities the adoption of the following rules as desirable from both the health and the economic viewpoint.

.1 Education of all firemen so that they will fire intelligently.

2. The installment, wherever practicable of automatic stokers or appliances such as blowers and steam jets for thoroughly mixing a proper proportion of air in the furnace.

3. Laws and ordinances, reasonable, sufficiently rigid to make offenders against the smoke laws feel that they cannot offend with impunity.

4. The creation of an intense and widespread public sentiment, based on intelligent knowledge of the baneful effects of the smoke plague which morally will compel men to respect public opinion in that regard.

In support of its position Iron Age gives some facts and illustrative figures, which are as interesting and as convincing as to the enormous "cost of smoke" as they will prove astonishing to the average reader. Here is a "key" from which to estimate annnual smoke losses ,as furnished by four of our large cities:

Annual loss in Cleveland .$6,000,000
Annual loss in Cincinnati .8,000,000
Annual loss in Pittsburgh. 10,000,000
Annual loss in Chicago ..17,000,000

These estimates were based on reports made by college professors and "smoke experts," delegated by the cities named to investigate the subject and who devoted months to their work.

Our "technical" contemporary also quotes H. M. Wilson, chief engineer o fthe experiment station of the United States Bureau of mines, at Pittsburgh, as declaring that the smoke nuisance costs this country $600,000,000 a year. "The damage done annually in the large towns of the United States by smoke," concludes Mr. Wilson, "would build in every city of 100,000 inhabitants in this country a structure equal to the congressional library. There would be left over enough to maintain the army and navy for the current year—and then plenty left after that to build the capitol in Washington."

The figures above given have, it is stated, relation entirely to "financial losses."

PENALTY OF GREATNESS.

Representative Carlin Takes to The Timbers.

A correspondent of the Richmond Times-Dispatch says :

Sir:—The National Government is very much interested in that part of the Old Dominion adjacent to the National Capitol, known as Alexandria county. The great military cemetery of Arlington, with its thousands of dead heroes of many wars and prospective resting places of many others who have not yet passed away ,is here located, together with the military post at Fort Myer, where many large appropriations have been placed. The territory contains inhabitants who have petitioned the national authorities to again place them in the District, that they are dissatisfied with the fostering care the present State government is giving them, but they desire to expand so that they will become national in scope and have at their back the unlimited national resources that Congress and the United States Treasury carry. Of course this territory is part of the Eighth Virginia District, represented by that able and courteous gentleman, Charles Creighton Carlin, who has been known to get up in the middle of the night to help constituents, and his good nature has so increased the string of office-hunters on his trail that he had to locate his office in the "rafters" of the House Office Building in order to attend to his official busines withouts so much interruption. It has been said that he has more callers than President Woodrow Wilson.

So, you see, it isn't good to be too popular, unless you own a flying machine and know how to operate it. However, I suppose it would relieve Mr. Carlin considerably if the persistent job-hunthers could be subtracted without multiplying his chances of running behind the necessary number of votes to return him to his "deskless seat" in Congress. He represents 150,799 people, according to the 1910 census, and about 35,000 of them would not refuse to be put on the government pay-rolls, so you will applaud his diplomatic move of locating his office in the "rafters" of the office building, with a narrow "trap-door" leading to it. The "merit system," of course, helps a little."

WILLIE HOBBS IS HERE NO MORE.

Young Willie Hobbs is here no more,
from earth he's gone away,
His departure was quite sudden, it's
too bad he couldn't stay,
He was so young and healthy, if he
wasn't overwise,
That it's downright sad he's called to
build his mansion in the skies.

He was not racked with whooping
cough, mumps did not treat him
so,
No measles spotted up his hide,croup
did not lay him low,
No infantile paralysis assailed his
childish frame,
On no disease that's known to us
the doctor's lay the blame.

Just how this dissolution came abou
so suddenly,
When you have learned the facts it
will be easy quite to see,
For Willie Hobbs came home one day
straight from the village school
And tickled with a stick, the left
hind-foot of Grandpa's mule.

They laid him in the church-yard and
they built his tomb-stone high,
And on it facts were written as to
how he came to die,
To give the proper reason for his
quick demise they tried,
So they wrote "Here lies our Willie
Hobbs, he died of suicide."

There is many a fellow who would be a well-to-do-man today, if it were not for his motor-car.

It is a bit chilly watching out-door moving picture shows these nights and B. B. S. is showing a countenance wreathed in smiles. But it is the guy with the last laugh who will have the nickels when the summer is over. We are consumed with excitement over the outcome.

The Queen of Hearts, she made some tarts
For the King and court to eat.
She thought that they would prove to be
A most delightful treat,
The Queen was newly-wed, you see,
Her cooking didn't suit,
The King and court died quickly with
Indigestion quite acute.

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first-class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get

COVERED WTH BANK NOTES.

Fantastic Stranger Creates Excitement in Western Maryland.

Hagerstown Md. May 20. — The police are making a search for a wild looking white man who is thought to be mentally deranged and who, occasioned much excitement along the Williamsport and Downsville turnpike Sunday. The stranger drove in to Downsville in a buggy at a fast pace with $5 and $10 bills stuck in and around his ears, twisted in his hair and sticking out of his pockets. The floor of the buggy was literally carpeted with bank notes.

When he reached Williamsport he created a great furor. An officer was sent for but he merely got a glimpse of the peculiar visitor going rapidly towards Hagerstown.

The animated bundle of "long green" frightened the occupants of the tollhouses wherever he stopped to pay toll.

After Williamsport all trace of him was lost.

RICHMOND'S HOMECOMING.

Plan to Reconcile Warring Factions.

Richmond, May 20.—With this as its rallying call, the city of Richmond will, in the year of grace 1915—probably in the month of May—hold a great home-coming celebration to which will be asked to come everybody residing within the borders of the Commonwealth, every person of Virginia birth or ancestry residing in other States of the Union, and all expatriated sons and daughters of the Old Dominion now dewelling in foreign lands.

And in honor of the big family reunion, there will be a pageant the like of which has never been seen in the country. It will depict in magnificent setting the Virginia valor and stamina that has wrought mightily throughout the history of the State and which, within the last half century, has caused her to rise triumphant from the desolution of war.

In the pageant will be shown the epoch-making events of the State's history, from the landing of John Smith at the falls of the James, to the commercial prosperity of the current year. The Revolution, the Colonial wars, the War Beween the States, the Reconstruction period and the recovery, will all appear in historical sequence appropriately mounted and named.

MACHINE LEAVES ROAD.

Of Five Occupants, Not One Escapes Injury.

Winchester, Va., May 20.—A large automobile, occupied by J. W. Lewis & two sisters, of Bluemont, Loudoun County, and two brothers, named Hatcher, of Plains, Va., suddenly left the Winchester-Bluemont Turnpike Sunday night, two miles east of Berryville, where the party had spent the day, and none escaped without injury. One of the women was terribly gashed in the face, had several teeth knocked out and sustained serious bruises.

One of the Hatcher brothers was badly cut and bruised and had a fingernail torn off. The others suffered severe bruises and nervous shock. All were taken to Berryville and given medical attention and later taken to Bluemont.

EDITOR ARRESTED.

Danville Man Refused to Submit to Vaccination.

Danville, Va., May 20.—John N. Ragsdale, editor and owner of "The Battle Axe," a monthly paper, was fined $10 in the mayor's court yesterday because he would not comply with the city ordinance making vaccination compulsory. Ragsdale who never has been vaccinated, took an appeal, and was bonded in the sum of $25 for his appearance before the Corporation Court next June. He declared that inoculation was against his religious beliefs, and that he had not touched medicine for fourteen years. Recently, it is said, he made antivaccination utterings, and City Health Officer Hudson swore out a warrant against him.

A number of persons were injured yesterday at Lancaster, Pa., when the big tent of the Buffalo Bill-Pawnee Bill show was blown down during a thunder storm. The accident occurred shortly after the show opened and a panic ensued as the many poles, ropes, and canvas fell, burying the audience. That none were seriously injured or killed was in the nature of a miracle, as several broncho busters and ropers were performing in the big tent when it collapsed. A considerable amount of wearing apparel, hats, and valuable articles were lost during the scramble to get from under the canvas.

SHOOTS BRIDE AND HIMSELF.

Man Wanted by Postal Authorities Said to be Native of Norfolk.

St. Paul, Minn., May 20.—J. J. Curl, arrested by the federal authorities last Wednesday on the charge of fraudulent use of the mails, shot and probably fatally injured his bride of two days, and then shot himself, dying half an hour later.

The police disclosed that there had been a suicide pact and that Curl shot his wife and then turned the weapon on himself.

Before lapsing at the hospital the bride told attendants she had swallowed a quanity of poison to make her death more certain. Curl is said to have been born in Norfolk, Va. Last winter while employed with a construction firm at Kansas City, Mo., he met Miss Margeurite Logan and later they became engaged. A short time ago he came to this city, where he held an important position with a construction company. Curl, it was charged, had paddled his payroll and cashed checks drawn against fictitious names.

Last Wednesday, Miss Logan arrived to wed Curl, but found him in jail. Thursday, however, Curl secured bail and was ordered to appear in court for formal hearing. That afternoon they married, Miss Logan declaring she had faith in Curl despite the charges against him.

POLITICS IN PULPIT WRONG.

Clergy Has no Right to be Active Even in Good Cause, he Says.

Philadelphia, May 20.—Political activity on the part of clergymen, even in behalf of causes like temperance, is improper, according to Rev. J. E. Whitteker, of Lancaster, Pa., who spoke Sunday morning in old St. John's Church, Race street below Sixth street. Dr. Whitteker, who is in the city to attend the Lutheran Ministerium, also inveighed against secret societies, the discussion of which has been agitating the sessions of the Synod.

"High license, low license, local option, or no option, are political questions, and a minister has no more right to be a political mouthpiece in the pulpit that he has a right to be a religious mouthpiece in the halls of the Legislature," he said. "He should encourage his congregation to temperance, for the Bible enjoins it. The State's way of meeting the issue, however, is not a fit topic for the pulpit.

Injured by Automobile.

New York, May 20.—Three persons are dying today and six others suffering from injuries received when an automobile swerved from the street, and dashing through a crowd on First avenue, crashed into a store window.

Driven by Thorwald Jensen, a chauffeur, the automobile was traveling rapidly, when a little child appeared ahead, in attempting to avoid striking the child ,Jensen lost control of the car. Mrs. Rose Greenwaldiher, her four-month-old child, and a five-year-old boy were fatally injured.

Two others were severely hurt, and those in the automobile and two pedestrians were cut by flying glass.

Governor Mann Out.

Richmond, Va., May 20.—Governor Mann ventured out yesterday and walked about the grounds of the executive mansion for a short time. While still a little wobbly, he found that his strength is increasing rapidly. A drive was in contemplation, but it was postponed to this morning, when he will again view the streets of his capital from an automobile. The Governor wants to be at his office by the end of this week, but it is not probable that he will be permitted to do this.

James L. Bacon, member of the Colorado legislature from Teller county, was arrested at Cripple Creek yesterday, on a warrant charging him with the murder of his wife, Ida Bacon, and his stepdaughter, Josephine Davidson. The women were killed in an explosion that wrecked the Bacon home, April 28th.

Hard and soft shell crabs. Rammels.

Charged With Stoning Car.

Roanoke, Va., May 20.—H. L. Burton and his brother, W. A. Burton, were tried yesterday morning before Magistrate Gee, of the county court, and sent to the grand jury, on the charge of stoning a Norwich car on Saturday night. Both men are confined in the county jail. One is a cotton mill worker and the other is an iron worker.

This was the first act of lawlessness since the beginning of the street car strike seven sun days ago.

Hard Shell Deviled Crabs at Rammel's

Rev. Stephen A. Nettles, a member of the South Carolina Conference of the Methodist Episcopal Church, and editor of the Southern Christian Advocate, quarreled over a financial transaction with the Rev. James B. Chick yesterday morning, and it is alleged, sent the latter staggering with a stinging blow in the face. The affair has been laid before the presiding elder, who will present charges against Mr. Nettles at the conference.
